

Client:
City of Florence

Project Completed:
Summer 2003

Cost: \$350,000.00

Project Manager:
Mark Arnold, ASLA

Project Description:

M2D design group was asked by the City of Florence, Kentucky to develop the design and construction documents for a new neighborhood park and playground for the Orleans North Development.

The project included design for play structures, a custom designed outdoor pavilion, walking trails, basketball courts, soccer fields, a sledding hill, bikeway, and off street accessible parking. All walkways and play areas are accessible and slopes throughout the project do not exceed 2.5 percent.

This project was bid and completed in budget with no change orders. Time in construction was six months.
